1. [REDACTED] Comment. The entraining of an artillery unit, probably of the 1st Mecz Div, presumably continued the movements of the division to firing practices at Jueterbog on 7 July.

2.  Comment. According to reports by several sources, units of the 1st Mecz Div returned from East-Berlin to Doeberitz beginning early July.  According to information in this report, units of the 19th Mecz Regt returned to the Loewen Kaserne prior to 8 July; however, elements of the unit appeared to be still absent on 10 July. The tanks observed at the Dallgow railroad station tend to indicate that units coming from East Berlin probably had been detained on 12 July.
